

TeamSnap

Sports & Recreation Technology · 24M+ registered users · 3M+ teams managed · US & Canada

ABOUT

TeamSnap is the leading youth sports management platform used by 24M+ families, coaches, and administrators across the US and Canada. It powers scheduling, communication, and payment for recreational and competitive sports organisations across every major sport — with teams ranging from recreational leagues to elite club programs.

PARTNERSHIP SIGNALS

- ✓ 24M+ registered users with recurring, structured travel tied to tournaments and away games
- ✓ No embedded group travel booking exists on the platform today — clear white space
- ✓ Parents, coaches, and team managers currently book ad-hoc across 10+ fragmented tools
- ✓ Youth sports travel is high-frequency and seasonal — predictable, recurring volume
- ✓ Engine becomes the native group travel layer embedded directly in the TeamSnap schedule
- ✓ Revenue share model aligns TeamSnap incentives: more bookings = more revenue for platform
- ✓ Large club organisations (travel teams) book 15–30+ hotel blocks per season — power users

ENGINE VALUE PROPS — TAILORED

Embed Travel Into the Team Schedule

- Engine surfaces 'Book Team Travel' directly from the TeamSnap event/schedule view
- Destination and dates pre-populated from the tournament listing — one click to start booking
- Coach or team manager selects group block; families book individually against it
- Zero friction: no leaving the app, no copy-pasting event details

Group Rates That Individual Families Can't Access

- Negotiated hotel blocks near tournament venues unavailable to individual consumers
- 22% avg savings vs public rates — meaningful for cost-conscious sports families
- Car rental and flight booking for staff and coaches in the same platform
- Flex booking reduces anxiety: tournament schedules change, bookings can too

A Revenue Stream That Scales With the Platform

- 1% rev share on all bookings = compounding revenue as TeamSnap's user base grows
- No cost to implement — Engine handles all supply, tech, and operations
- Start with top 1,000 tournament-hosting clubs as pilot, then roll to full base
- Annual volume report gives TeamSnap visibility into the travel economy on their platform

DEAL SIZE ESTIMATE

Based on ~3M active teams, targeting 1% booking penetration in Year 1, avg 4 trips/season at ~\$600/booking, 5% Engine take rate, 30% TeamSnap rev share:

Scenario	Teams Booking	Annual Bookings	Gross Spend	Engine Rev (5%)	TeamSnap (30%)
----------	---------------	-----------------	-------------	-----------------	----------------

Year 1 — Early adopters	~2,500	~10K trips	~\$6M	~\$300K	~\$90K
Year 2 — Scaled rollout	~25,000	~100K trips	~\$60M	~\$3M	~\$900K
Year 3 — Platform default	~100,000	~400K trips	~\$240M	~\$12M	~\$3.6M
Full potential (5% penetration)	~150,000	~600K trips	~\$352M	~\$17.6M	~\$5.3M
